

Dear Parent/Guardian

Over the past few years Leeming Primary School has introduced two online programmes into the school. These are Literacy Planet and Mathletics.

Once the students have paid their minimum Digital Media fee of \$20.00 to the front office, we then encourage all our students to make use of these online resources which can be accessed from school or home.

This not only coincides with our school laptop programme but also enhances our commitment to the Australian Curriculum addressing Literacy, Numeracy and Information Communication Competence.

MATHLETICS <http://au.mathletics.com/>

This is a programme to develop core basic skills in Numeracy and allows diversity in each classroom, enabling the teacher to target specific aspects of the Australian Curriculum to meet the individual student's needs. It is also an invaluable assessment and supplemental tool to support teachers in the classroom.

Students have home access as well for extra support and this makes learning Numeracy more enjoyable.

LITERACY PLANET <http://www.literacyplanet.com/au/>

This programme covers Literacy – Pre Reading words, Phonics, Sight Words, Reading, Spelling, Vocabulary, Comprehension, Grammar and Punctuation. It has been developed to support the Australian Curriculum and has a structured learning journey which takes children through sequenced comprehensive literacy content with feedback once the exercise has been completed.

Payment can be made by cash, cheque, EFTPOS, credit card or bank transfer to the school bank account as per details below. Thank you if you have already made the payment.
