

INTERESTED IN SAFETY FOR KIDS IN YOUR COMMUNITY?

IT'S EASY TO HELP AND YOU COULD MAKE A DIFFERENCE

Safety House is a community based "Good Neighbour" program of volunteer householders organised by a local Safety House Coordinator. It's easy to be a Safety House, it will cost you very little to obtain a three year Working with Children Card and you could be doing something important to help protect vulnerable young children.

The Safety House program of community child safety is supported by WA Police, local Councils, Primary Schools and P&C Associations. You can make a difference for kids in your local community.

WHO CAN BE A SAFETY HOUSE?

A Safety Householder must be a caring adult who is usually in or around their home during school travel times and be ready and willing to assist any child who might seek help at their door.

This is to make sure that a child in need will find someone at home if they knock on the Safety House door for help.

Your house must have easy street access to the front door, no screening walls or trees and a Safety House sign easily visible from the street. If you have a dog it should be secured behind a fence at the rear of the building or be kept under control in the house.

This is to make sure that a young child will be able to find the Safety House door easily and will not be frightened away.

In every Safety House there must be at least one adult who holds a valid Working with Children Card. Also, every resident aged fourteen and over must consent to Safety House WA requesting a National Police Check Certificate if required. The Safety House WA Office can help you complete a Safety House WA application form and assist if you need to obtain a Working with Children Card.

We need to make sure that the person who answers the door to a child at a Safety House has been carefully checked out.

For more information please check out the Safety House website www.safetyhousewa.org.au or fill in the slip below and hand it to your local primary School Office. You can email Safety House WA at safety@safetyhousewa.org.au
