Dear Lea-Anne

I refer to the one year follow up review for the leadership domain following Leeming Primary School's Public School Review in Term 2, 2025.

I am advised that Christiaan Moir, Director, Public School Review and Anne Alford, Principal, Sorrento Primary School, met with you, your deputy principals, School Board chair and members of staff, to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations for the domain listed above.

The advice received confirms the school has demonstrated sufficient and sustainable progress towards meeting the Standard in relation to the recommendations in this domain.

I am informed the school has strategically responded to the leadership recommendations by establishing a more unified leadership approach and strengthening alignment between the School Improvement Plan and classroom practice. The staff and School Board chair described increased clarity of direction, stronger collaboration and improved consistency in communication and decision making across the school.

I understand there is an ongoing commitment to further strengthen distributed leadership, collective efficacy and opportunities for professional collaboration. These actions will support the continued development of whole-school approaches and ensure improvement efforts remain aligned, sustainable and focused on achieving positive outcomes for students.

The review team has reported that your deliberate and collaborative leadership has generated positive momentum across the school and provided a clear focus for improvement. The commitment of the leadership team, staff and School Board to working together to strengthen school culture and support ongoing improvement is acknowledged and commended.

Leeming Primary School is to be congratulated for its professional commitment by first, noting the area for improvement and second, implementing strategies that have resulted in the improvements desired.

OFFICIAL

The next Public School Review of Leeming Primary School, inclusive of all domains, is to be scheduled for 2028. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I wish you and the staff continued success in your endeavours to provide high quality education for your students.

Yours sincerely

Steve Watson
